# backgammon chess checkers box small

Backgammon, chess and checkers in a small wooden box game collection from monkey pod thai wooden games

Backgammon dice game, queen and with a chess game as a combination to take away when traveling as a small version in a wooden box ... Board game for 2 players. Starting from the starting position each player tries to bring his stones into his own field and from there by skillful moves of his rolled number of points. Whoever manages this first has won. In doing so, he must consider the possible opposing moves in advance. Complex rules of the game and the combination of dice luck and intelligent gameplay make backgammon a delightful and exciting game ....
