

sudoku colour 5x5 five different box

Clored sudoku five different ein colour sudoku for children from monkey pod thai wooden games

Sudoku Color Box 5x5 with 5 colors in 5 rows of numbers do you manage that every color in each row occurs only once? This beautiful, handmade, wood colored sudoku set was designed especially for small children. The goal of the game is to arrange each row to contain all five colors. This simple sudoku game builds mathematical and logical skills that are essential to cognitive development in a fun and engaging way. A simple five by five sudoku, it contains a finely crafted wooden frame, game board and removable painted plugs. If you are looking for a way to encourage your child to separate, focus, develop skills, and have fun at the same time, this is the perfect gift that can be played over and over again!
